- Surgical Oncology
- Target Identification and Validation
- Therapeutic Advances in Medical Oncology
- Thoracic Cancer
- Translational Oncology
- Treatment Options in Oncology
- Urologic Oncology
- Veterinary and Comparative Oncology

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of **JCT**.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
