

# Table of Contents

**Volume 8    Number 3**

**March 2020**

**Stability Enhancement of Small-Scale Power Grid with Renewable Power Sources by Variable Speed Diesel Power Plant**

R. Takahashi, A. Umemura, J. Tamura.....1

**Transient Stability Analysis of 33 KV Transmission Network of Egi Community, Nigeria**

P. Elechi, C. O. Ahiakwo, U. N. Okwu.....18

**Sustainable Development around Small Scale Mining Areas by the Development of Micro Hydro Power: Application Cases in Cameroon**

F. N. Antoine, G. T. C. Bertrand, K. S. E. Bertrand, C. J. C. Blanco.....36

**Simulation of Seven and Nine Level CHBMLI with Elliptical Phase Disposition PWM Technique**

Chinmayi, B. G. Shivaleelavathi, V. Yatnalli.....49

**Biomass Combined Heat and Power Generation for Anticosti Island: A Case Study**

T. Abbas, M. Issa, A. Ilinca, A. El-Ali.....64

**A Synchronized Grid Integrated Three-Phase Inverter with a Renewable Source for Power Sharing**

Z. Alqarni, J. A. Asumadu.....88
