

Special Issue on Transport Vehicles and Management

Call for Papers

Transport vehicles are the tools to move the people, animals, and goods from one location to another. The vehicles include wagons, bicycles, motor vehicles, railed vehicles, watercraft, amphibious vehicles, aircraft and spacecraft. The goal of this special issue is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in the area of Transport Vehicles and Management.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **Transport Vehicles and Management**. Potential topics include, but are not limited to:

- Aircraft
- Amphibious vehicles
- Motor vehicles
- Off-road vehicles
- Spacecraft
- Watercraft
- Logistics
- Optimisation of transport operations
- Tailed vehicles
- Transport and the economy
- Transport innovations
- Transport modes
- Transport planning
- Transport route and schedule planning
- Fleet management
- Supply chain management systems

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - *Transport Vehicles and Management***” should be selected during your submission.

Special Issue Timetable:

Submission Deadline	February 25th, 2022
Publication Date	April 2022
