

Table of Contents

Volume 7 Number 2

February 2016

Factors Inhibiting the Use of Bamboo in Building Construction in Ghana: Perceptions of Construction Professionals

D. Opoku, J. Ayarkwa, K. Agyekum.....83

The Influence of Additions in the Use of Glass Fibre Reinforced Cement as a Construction Material

A. Enfedaque, M. G. Alberti, J. C. Galvez.....89

Investigating the Relationship between Porosity and Permeability Coefficient for Pervious Concrete Pavement by Statistical Modelling

H. T. Ghashghaei, A. Hassani.....101

Some Factors Influencing the Dielectric Properties of Natural Rubber Composites Containing Different Carbon Nanostructures

A. A. Al-Ghamdi, O. A. Al-Hartomy, Falleh R. Al-Solamy, N. Dishovsky, D. Zaimova, R. Shtarkova, V. Iliev.....108

Wear Displayed by the Scratch of Epoxy Composites Filled by Metallic Particles under the Influence of Magnetic Field

F. I. El-Zahraa, G. T. Abdel-Jaber, M. I. Khashaba, W. Y. Ali.....119

Developing Sustainable High Strength Concrete Mixtures Using Local Materials and Recycled Concrete

A. Torres, A. Burkhart.....128
