Call for Papers

Neuroscience & Medicine

<http://www.scirp.org/journal/nm>

Neuroscience & Medicine (NM) is a peer reviewed international journal dedicated to the latest advancement of neuroscience. The goal of this journal is to keep a record of the state-of-the-art research and to promote study, research and improvement within its various specialties.

Subject Coverage

The journal publishes original papers including but not limited to the following fields:

- | | |
|-------------------------------------|------------------------------------|
| Autonomic Nervous System | Neuroendocrinology |
| Biological Psychology | Neuroimmunology |
| Cell Proliferation | Neurotransmitters |
| Dimorphic Sexual-Behavior | Organizational Effects of Hormones |
| Drug/Alcohol Effects | Parkinson's Disease |
| Hebbian Learning | Protein Trafficking |
| Hypothalamic-Pituitary-Gonadal Axis | Sensory Processing |
| Memory Loss | Social Neuroscience |
| Neurocytology | Voltage-Gated Ion Channels |

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the **NM**.

Notes for Intending Authors

All manuscripts submitted to NM must be previously unpublished and may not be considered for publication elsewhere at any time during NM's review period. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. Additionally, accepted ones will immediately appear online followed by printed in hard copy. For more details about the submissions, please access the website.
