

## Special Issue on Polar Research

### Call for Papers

**Polar Research** focuses on: a range of issues in the environmental sciences, social sciences, arts and humanities of relevance to the Arctic and Antarctica.

In this special issue, we intend to invite front-line researchers and authors to submit original researches and review articles on exploring **polar research**. Potential topics include, but are not limited to:

- Climate and climate change
- Polar landscape
- Glaciers and ice sheets
- Geology
- Biodiversity
- Oceanography
- Environmental pollutants

Authors should read over the journal's [Authors' Guidelines](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal at [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue – Polar Research**” should be selected during your submission.

Special Issue timetable:

Submission Deadline	May 12th, 2015
Publication Date	July 2015
