**Special Issue on**  
**Natural Resources Exploration and Exploitation**

**Call for Papers**

Along with population expansion, environment pollution, unreasonable use and exploitation of natural resources, human development faces a profound crisis of resources and environment. Pursue integrated planning of both natural resources exploration and exploitation to prevent their degradation and to utilize the full potential of the natural resource base soundly, particularly comprehensive utilization of resources.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **natural resources exploration and exploitation**. Potential topics include, but are not limited to:

- Natural resources exploration
- Natural resources exploitation
- Comprehensive utilization of resources
- Natural resources evaluation
- Impact of excessive deforestation
- Resources protection and management

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - Natural Resources Exploration and Exploitation**” should be selected during your submission.

Special Issue timetable:

Submission Deadline	March 29th, 2016
Publication Date	May 2016
