Volume 8 Number 2

April 2018

Effects of 50 Percent Substitution of Soybean Meal by Alternative Proteins from *Hermetia illucens* or *Spirulina platensis* in Meat-Type Chicken Diets with Graded Amino Acid Supply

S. Velten, C. Neumann, M. Bleyer, E. Gruber-Dujardin,

M. Hanuszewska, B. Przybylska-Gornowicz, F. Liebert.....119

Short- and Long-Term Effects of Weaning Age on Pig Innate Immune Status

J. L. Salak-Johnson, S. R. Webb.....137

Relative Bioavailability of DL and L-Methionine in Broilers

E. Esteve-Garcia, D. R. Khan.....151

The Graded Inclusion of Algae (*Spirulina platensis*) or Insect (*Hermetia illucens*) Meal as a Soybean Meal Substitute in Meat Type Chicken Diets Impacts on Growth, Nutrient Deposition and Dietary Protein Quality Depending on the Extent of Amino Acid Supplementation

C. Neumann, S. Velten, F. Liebert.....163

***In Vitro* Culture of Shell Gland Epithelial Cells in Japanese Quail (*Coturnix coturnix japonica*)**

O. Kai, K. Mineo.....184
