Open Journal of Ecology (OJE) is an international journal dedicated to the latest advancement of ecology. The goal of this journal is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and perspectives in diverse areas of ecology and to keep a record of state-of-the-art research.

Subject Coverage

The journal publishes original papers including but not limited to the following subfields:

- Autecology
- Aquatic ecosystem
- Biogeochemistry
- Community ecology
- Cultural ecology
- Evolutionary ecology
- Ecological design
- Human ecology
- Industrial ecology
- Landscape ecology
- Molecular ecology
- Microbial ecology
- Plant ecology
- Physiological ecology
- Population ecology
- Terrestrial ecosystem
- Other subfields within ecology

We are also interested in: 1) Short Reports – 2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book Reviews – Comments and critiques

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
