

## Special Issue on Dental Materials

### Call for paper

**Dental Material** is the basis for the development of oral medicine, and the development of **dental material** represents the future of oral medicine. To provide a platform for academia, industry and the dental practitioner to promote, share, and discuss various new issues and developments in dental material, this special issue on **dental material** is thus being released in Journal of Stomatology.

In this special issue, we intend to invite front-line researchers and authors to submit original researches and review articles on exploring **Dental Material**. Articles discussing the following areas are given priority publication.

- The basis of dental materials and their proprieties
- The applications and processing technologies of dental materials
- the reaction of host tissues to dental materials

Authors should read over the journal's [Authors' Guidelines](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue —Dental Materials**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	October 29th, 2015
Publication Date	December 2015

**Guest Editor:**

**Prof. Junichi Asami**

Dentistry and Pharmaceutical Sciences

Okayama University Graduate School of Medicine, Japan
