Call for Papers

Smart Grid and Renewable Energy (SGRE)

ISSN 2151-481X (Print) ISSN 2151-4844 (Online)

<http://www.scirp.org/journal/sgre>

SGRE is an international refereed journal dedicated to the latest advancement of **Smart Grid and Renewable Energy**. The goal of this journal is to keep a record of the state-of-the-art research and promote the research work in these fast moving areas.

Editors-in-Chief

Prof. Victor Sreeram
Prof. Yuanzhang Sun

University of Western Australia, Australia
Wuhan University, China

Editorial Advisory Board

Prof. C C Chan
Dr. Yusheng Xue
Prof. Ryuichi Yokoyama
Dr. Xiaoxin Zhou

University of Hong Kong, China
State Power Corporation, China
Tokyo Metropolitan University, Japan
Chinese Society of Electrical Engineering, China

Subject Coverage

This journal invites original research and review papers that address the following issues in **Smart Grid and Renewable Energy**. Topics of interest include, but are not limited to:

- Bio-Energy Technologies, Process and Utilization
- Concept and Structure Frame of Smart Grid
- Decision Making under Uncertainty in the Integration of Renewable Energy Systems
- Design of Sustainable Product-Service Business Models
- Development of Smart Grid
- Environmental-Friendly Technologies for Power Generation
- Geothermal and Tidal Wave Energy
- Green Supply Chain for Renewable Energy
- Hydropower Technologies and Applications
- Information and Smart Meter Reading
- Integrated Energy and Communications
- MEMS & NEMS and Their Applications for Power Generation
- New Technologies and Design for Energy Efficiency
- New Technologies for Minimizing CO₂ Generation
- Operations Research for Green Logistics
- Photovoltaic for Solar Power Applications
- Power System Analysis and Optimization
- Power System Planning and Operation
- Service Optimization for Renewable Energy Supply
- Solar Energy Utilization-Heat and Mass Transfer Technology
- Wind Power Generation and Utilization

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the **SGRE**.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
