Surgical Science

<http://www.scirp.org/journal/ss>

Surgical Science (SS) is a peer reviewed international journal dedicated to the latest advancement of surgery. The goal of this journal is to keep a record of the state-of-the-art research and to promote study, research and improvement within its various specialties.

Subject Coverage

The journal publishes original papers including but not limited to the following fields:

Cardiothoracic Surgery

Clinical Surgery

Colorectal Surgery

Cases from Practice

Endocrine Surgery

ENT Surgery

Experimental Surgery

General Surgery

GI Surgery

Gynecology

Minimal Invasive Surgery

Neurosurgery

Obstetrics

Ophthalmological Surgery

Orthopedic Surgery

Pediatric Surgery

Plastic Surgery

Rural Surgery

Reconstititional Stomatology

Surgical Education

Surgical Oncology

Urosurgery

Vascular Surgery

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the **SS**.

Notes for Intending Authors

All manuscripts submitted to **SS** must be previously unpublished and may not be considered for publication elsewhere at any time during **SS**'s review period. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. Additionally, accepted ones will immediately appear online followed by printed in hard copy. For more details about the submissions, please access the website.
