

TABLE OF CONTENTS

Volume 2, Number 3, July 2012

Contemporary therapy of atrial fibrillation

X. S. Yang, J. P. Sun, C. M. Yu.....111

Tako-Tsubo syndrome: A literature review and a case report

F. Bartolomucci, G. Nasso, F. Cipriani, G. Deluca, G. Sgarra, C. D'Agostino, G. Speziale.....118

Impact of lunar phase on the incidence of cardiac events

R. Kanth, R. L. Berg, S. H. Rezkalla.....124

Analysis of daily activity data from implanted cardiac defibrillators: The minimum clinically important difference and relationship to mortality/life expectancy

M. J. Shoemaker, A. B. Curtis, E. Vangsnes, M. G. Dickinson, R. Paul.....129

Late surgical correction of anomalous left coronary artery from pulmonary trunk in children, using autogenous aortic and pulmonary endothelialized tube

M. A. Maluf.....136

Changes in presentation and outcomes in cardiac surgery patients aged 70 to 79 years versus patients 80 years or older

A. Jyrala, N. M. Gatto, G. L. Kay.....141

Cardiac damage related to shotgun injury: Case report

H. Cakir, H. Uncu, C. Tuncel, A. Cakallioglu, O. Ibrahim.....148

Successful mitral valve replacement in a young pregnant patient

O. F. Dogan, H. Cakir, C. Ozkara, A. Erciyes.....151

Echo-guided pin-point compression can effectively repair pseudoaneurysms associated with catheter procedure

T. Yamanaka, Y. Nakamura, Y. Kawai, S. Sato, K. Mineoi, T. Yamada, H. Okayama, Y. Kazatani, H. Ito.....155

Echocardiographic findings in pulmonary embolism: An important guide for the management of the patient

R. Cohen, P. Loarte, V. Navarro, B. Mirrer.....161

Echo is the preferred modality for hemodynamic monitoring in the cardiac intensive care unit

H. A. Steiner, Y. Hasin.....165

Doctor-reported hospital management of acute coronary syndrome in China: A nationwide survey of 1029 hospitals in 30 provinces

Y. P. Chen, L. X. Jiang, Q. L. Zhang, X. S. Wei, X. Li, M. Smith, Z. M. Chen.....168

Classification and regression tree analysis in acute coronary syndrome patients

H.-H. Tung, C.-Y. Chen, K.-C. Lin, N.-K. Chou, J.-Y. Lee, D. L. Clinciu, R.-Y. Lien.....177

Impact of high-fat diet on antioxidant status, vascular wall thickening and cardiac function in adult female LDLR^{-/-} mice

S. Delemasure, C. Richard, S. Gambert, J.-C. Guillard, C. Vergely, P. Dutartre, L. Rochette, J.-L. Connat.....184

New directions in cardiac stem cell therapy: An update for clinicians

S. Singh, M. Kashif, N. Bhambi, R. R. Makkar, J. S. Forrester.....193

Isolated tricuspid valve infective endocarditis in young drug abusers

C. Ozkara, O. F. Dogan, C. Furat.....201

Effect of topical vasodilator on internal thoracic artery blood flow. A placebo-controlled clinical study

C. Ozkara, O. F. Dogan, C. Furat.....204

Histologic examination of the clipped internal thoracic artery by transmission electron microscope in patients undergoing coronary artery bypass grafting

C. Ozkara.....208

Senning operation for correction of the transposition of the great arteries, results, long-term outcome and quality of life

M. A. Maluf.....213

Results of aortic valve replacement for aortic stenosis in patients aged 80 years and older

K. Kuwaki, A. Amano, H. Inaba, T. Yamamoto, S. Dohi, T. Matsumura, S. Matsushita.....220

The figure on the front cover is from the article published in World Journal of Cardiovascular Diseases, 2012, Vol. 2, No. 3, pp. 136-140 by Miguel A. Maluf.
