

Table of Contents

Volume 7 Number 2

May 2019

Assessment of Turbulence Models on Bridge-Pier Scour Using Flow-3D

C. Man, G. G. Zhang, V. Hong, S. Zhou, Y. L. Feng.....241

Mechanical Characterization and Measurement of the Damage of *Pericopsis elata* (Assamela)

U. G. Azeufack, B. Kenmeugne, E. Foadieng, M. Fouotsa, P. K. Talla, M. Fogue.....256

Experimental Study on Influencing Factors of Resistance Coefficient and Residual Resistance Coefficient in Oilfield Z

X. R. Wang, L. Z. Ge, D. Liu, Q. Zhu, B. Zheng.....270

New Formulas for the Mayer and Ree-Hoover Weights of Infinite Families of Graphs

A. Kaouche.....283

Expansion Characteristics of a Plasma Jet in the Stepped-Wall Chamber Filled with Water

Y. Liu, Y. G. Yu, S. S. Mang.....293

Study on Productivity Model of Herringbone-Like Laterals Wells and Optimization of Morphological Parameters Considering Threshold Pressure Gradient in Heavy Oil Reservoirs

E. H. Sun, J. Tan, D. Zhang, W. Wang, S. R. Mu.....302

A Numerical Investigation into the Bending of Metallic Laminate Sheet

R. P. Turner.....314

Structural Condition and Deficiencies of Present Constructed Bridges over Zahirshahi Canal and Proposal of New Design Using AASHTO Codes

A. K. Karimi, A. B. Jaheed, B. A. Aasim, J. A. Farooqi.....325

Research on Reliability of Relaying Protection in Smart Substation

K. Wang, W. Q. Li.....333

Design of Reduced Graphene Oxide Based Piezo-Resistive Type Acoustic Sensor on Flexible Kapton for Underwater Applications

B. S. Pai, M. A. Goutham, V. Pandin.....339
